Ms.

LORETO URQUIETA
SALMONES DE CHILE S.A
Republic of Chile

Dear Ms Urquieta:

By this means we would like to inform you that the following production unit has registered in our portal and have started the process of Best Aquaculture Practices BAP certification

- **Centro Cebadal Hatchery H10607 Salmones de Chile S.A.**

Starting this certification process implies a high degree of commitment on the part of all Salmones de Chile S.A. collaborators to finally reach international recognition through BAP certification, which we have no doubt will be in this way.

We thank you for keeping in mind the Best Aquaculture Practices BAP (Best Aquaculture Practices BAP) program as part of your continuous improvement activities in responsible aquaculture production.

We remain attentive to provide any support during the implementation process.

Cordially,

Carlos Mario Ramírez Aristizábal
Country Coordinator – South America
